

OS FOUNDATION PRODUCT / K-12 EDUCATION

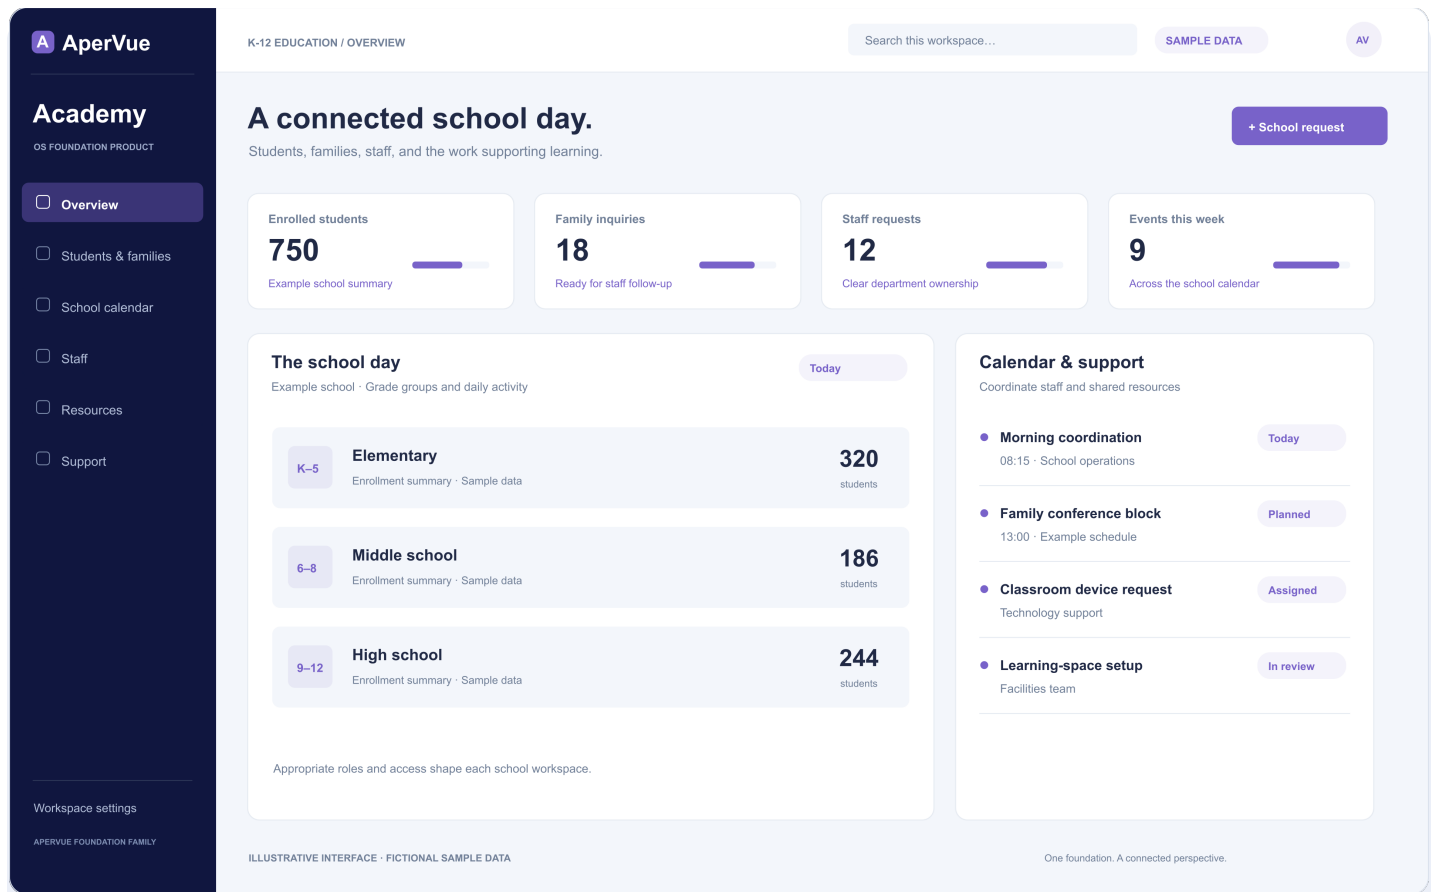

Academy

A connected school.

More room to support learning.

The school day, in one view.

Academy is the OS foundation for K-12 education, connecting school operations, student and family services, staff workflows, and campus resources. Bring grade-level activity, the day's schedule, and support requests into a shared school operations view.

Illustrative interface. Fictional sample data.

Screens and workflows are shaped around your organization.

CONNECTED CAPABILITIES

Keep the next step connected.

01 Student & family services

Organize family inquiries, communications, and student support requests with appropriate access to the relevant context.

02 Enrollment handoffs

Connect family inquiries and enrollment handoffs so responsibilities remain clear as students join the school community.

03 Calendars & staff workflows

Bring school calendars, staff responsibilities, and day-to-day operating workflows into a connected view.

04 Internal requests

Coordinate staff requests and school support work with clear ownership across the teams responsible for follow-through.

05 IT & facilities support

Connect technology and facilities requests to accountable teams and the school services they support.

06 Purchasing & resources

Bring purchasing and shared campus resources into the operating context of staff, school needs, and support processes.

WHO IT'S FOR

Built for the teams supporting school life.

For K-12 schools and school networks coordinating the daily work that supports students, families, and educators. Designed for school leaders, enrollment and family-service teams, staff, IT, facilities, and purchasing teams.

Let's talk about Academy.

Define the workflows, integrations, and rollout that fit your organization.
